Apathy Theatres Policies

Refund Policy:

Refunds will not be administered unless the Lord Jesus personally comes down from the heavens and requests a refund.

Passes:

We do not offer nor accept passes of any kind unless threatened with firearms.

Fire Safety:

In the event of a fire or bomb threat it is the policy of Apathy Theatres to pull the fire alarm before we flee the building. We consider this fair warning for you to exit the building. We will not be liable for any damages in the event that the fire alarm does not function when pulled.

Film Cleanliness:

Our films are the cleanest in the state. We have our concessionists wash each print once they are loaded onto the platter with the same high powered solvent we use to clean the popcorn kettles.

Film Breaks and Interruptions:

Film as a medium can only be run a maximum of five times before unavoidable damage occurs. If you experience a film break or the film stops suddenly, then you are the 5th person to view the print. Go home. There is nothing we can do.
